# Hesters Way Forum News

As most people will now be aware the Golden Valley Development will bring some very significant changes to west Cheltenham over the coming years. The Forum is aware of how important these changes could be and is especially interested to hear the views and concerns of residents living close to the site.

As a result members of the Hesters Way Forum steering group devised a questionnaire and have been out and about asking questions about the land next to the existing housing along Fiddlers Green Lane and the potential new roads accessing the site.

What facilities and features would you like in the fringe of the development?

The questionnaire was completed by 80 residents living adjacent to the site. As you can see from the results displayed here there is a desire to see green and accessible spaces near to the boundary of the new development..

The fields in question

Most people wanted to keep the hedgerow and to retain the existing trees whilst developing a parkland space including more trees, shrubs and wildflowers.

It seems clear from the survey that the new development should, be linked to the existing residential area by natural means as housing and other developments in the area are very unpopular.

There is also an appetite for natural play areas and seating, all connected by a network of walking and cycling routes. Some public art, a café and leisure facilities were desired in this space but the details of these has been left for a **further survey of the whole area coming up soon.**

As far as access is concerned there is no clear cut choice. Some people prefer the idea of a roundabout where Fiddlers Green Road meets Telstar Way (the likely main access point to the development) Some however, prefer a junction at that point with no clear winner from traffic lights, giving priority to Telstar traffic or of restricted access to Fiddlers Green Road. This is clearly an area for future discussion before the development comes to the planning stage.

The Hesters Way Forum is keen to have further discussion with the Borough Council, Henry Boot ([www.henryboot.com](http://www.henryboot.com)) and Factory who have formed a joint venture to take the project forward.. As far as we know there is to be an announcement made in the very near future regarding the next stages of the development.

If you would like to learn more about the Hesters Way Forum or to receive information about the Neighbourhood Development Plan for Hesters Way the group would be keen to hear from you. For more information please visit:

Tucked away on the Lansdown Industrial Estate close to our favourite recycling project Reclaim is the wonderful **Deya Brewery**.

Theo Freyne founded DEYA in 2015 and set out to brew the most delicious beer he possibly could and create a destination taproom focussing on on-site retail. Theo and the dedicated team have come a long way in a short period of time and 2022 looks set to be their busiest year yet!

Deya now have two taprooms, one is situated onsite at the brewery where you'll find the freshest, tastiest DEYA beers on draft (25 lines!) and

in cans. The cans are retailed directly from the cold store (where they are stored). Alongside the beer, they serve soft drinks, natural cider, natural wine, cold snacks and have merchandise available too!

Round the corner is the DEYA Mixed Fermentation Taproom which focusses specifically on all things wild and funky.. Alongside delicious Mixed Fermentation beers are natural cider, natural wine and a some clean crisp beers.

**EVENTS**

Since the new year Deya have diversified into music promotion, inviting live DJs including The Orb, Working Men's Club and Dubplate Pearl to perform in the taproom. Look out for drum'n'bass and BBC legend Grooverider on 18th August

All this and on-site food vans have made Deya the destination venue of the year.

# Wilson Art Gallery Reborn

The Wilson Art Gallery and Museum will reopen on Saturday 23 July 2022 after a dynamic £500,000 re-design, with a weekend schedule of events and activities for the local community and visitors to Cheltenham to enjoy.

The significant refurbishment of Cheltenham's leading cultural hub will create a vibrant new arts café and flexible ancillary spaces on the ground floor; the Sir Charles Irving Community Art Gallery on the mezzanine floor; and new artists' studios on the third floor. The transformation has been jointly funded by the Sir Charles Irving Trust and Cheltenham Borough Council.

The WOW (World of Wonders) space for families and young children, the Makers' Space which provides a window into our resident artist's studio work, and the Arts and Crafts galleries also reopen on 23 July 2022. The galleries have been refreshed and new displays created to narrate the story of Cheltenham. Cheltenham Untold brings to life the town's history and heritage through the themes of people, place, work and play. The displays will be regularly updated and the community, and visitors, will be invited to vote for stories they would like to see featured.

The remaining galleries will reopen on a phased approach based on a programme of refurbishment to improve the experience for all visitors.

Details of the full programme for the opening weekend, Saturday 23 July and Sunday 24 July, will be published at

[www.cheltenhammuseum.org.uk](http://www.cheltenhammuseum.org.uk) and across social media, so keep following us for more information.

# MORE FINANCIAL TIPS FROM JOYCE!

**Local resident Joyce shares some of her personal tips for saving money in these difficult times**

1. **E-ON, Next and EDF run a scheme to help people struggling to pay bills** or to replace freestanding appliances. Registrations are invited on "Let's Talk Energy Fund" site. Further information can be found on [www.scope.org.uk](http://www.scope.org.uk) and [www.ofgem.gov.uk/getting help](http://www.ofgem.gov.uk/getting help)
2. **Paying for a super fast broadband that you don't need?** To manage with less speed, see "Broadband Social Tariff." or Virgin Media's "Essential Broadband."
3. **Council Tax Rebate:** people living alone or households with a person who has a mental illness eg Alzheimer's, can claim a 25% reduction.
4. **Pension Credit: and Housing Benefit** millions of pensioners on low income don't claim, because they think it is charity or they are not aware of it!
5. **"Make-do-and-mend."** YouTube has thousands of easy to follow videos on how to fix things, such as sagging armchair springs and dripping taps.
6. **Gumtree:** look out for freebies in your area - no transport or postage costs. I have passed on several things this way.
7. **Fridges and especially freezers** use much more energy when they are not full. If you have a lot of empty spaces, scrunch up some paper into freezer bags or boxes.
8. **"Best Before" dates:** are a guide to best quality and not to safety, check the look, smell and taste of the product before throwing away!
9. **Washing hands with soap and water:** a BBC report on tests shows that using hot or cold water had equally successful results at removing germs.
10. **FINALLY AND VERY IMPORTANT:** do you know someone who is struggling to put food on the table? **FOODBANKS, COMMUNITY PANTRIES and HOUSEHOLD ESSENTIALS** are there to support people who need help. Many of us who can afford to donate either provisions or cash, do so willingly, knowing that our donations go to the right people. West Cheltenham and Springbank pantries could help!

# A smart meter could give you peace of mind if money's tight

- A smart meter's in-home display lets you keep a close eye on how much you're spending on your energy.
- Get bills based on how much you use, rather than an estimate.

**Ask your supplier, or search 'get a smart meter' today.**

Smart meters can help you save energy but it's not automatic. You can use the in-home display to work out how to save energy around the home.

Some homes can't get a smart meter yet. Your energy supplier can tell you if you can have one and how soon it can be installed.

## Specialists in family law

**DS Legal** is an experienced, highly regarded forward-looking law practice, specialising in family law. We are committed to offering a first-class service and we pride ourselves on our no-nonsense and practical approach.

We provide clear and effective advice, whilst at the same time understanding just how difficult family breakdowns can be. We offer our clients professional and informed advice at every step.

Divorce & Separation   Financial Remedies   Children   Domestic Abuse   Will & Probate   Civil Partnerships   Social Services Involvement

### Putting your children's welfare first

Few things can be as sensitive or as difficult to overcome as a dispute involving your children. As a parent, you'll be looking for solutions that are right for your children and you'll always want to put their welfare first. At DS Legal, our expert family lawyers will provide you with sensitive and practical advice at this difficult time. Our aim is to put everything back into focus for you. Once clarity has been restored, we will work with you to find the right solution for your children.

### Costs and Legal Aid

As with all matters we will firstly assess your eligibility for legal aid. In the event that you are not eligible we will look to see if we can provide you with a fixed fee package depending upon your circumstances and if all else fails we will provide you with a competitive hourly rate which we will seek to reduce from our standard rate (please see our terms and conditions)

### Can we help you?

If you would like to get in touch with us to find out how we can help you, please call Mark or alternatively, please email us at [enquiries@ds-legal.co.uk](mailto:enquiries@ds-legal.co.uk). We work in the strictest confidence and we are here to help you.

# Your Children's Welfare First

Few things can be as sensitive or as difficult to overcome as a dispute involving your children. As a parent, you'll be looking for solutions that are right for your children and you'll always want to put their welfare first. But when emotions are running high during times of stress and upheaval, it can often be really hard to be objective and make the right decisions. Wherever your children are concerned, it's important to call on expert and objective advice from someone who has extensive experience in this most sensitive area of law.

## Putting your children's welfare first

At DS Legal, our expert family lawyers will provide you with sensitive and practical advice at this difficult time. Our aim is to put everything back into focus for you. Once clarity has been restored, we will work with you to find the right solution for your children.

We will help you to ensure that your children are properly provided for, enjoy the living arrangements that best suit them and have the right amount of contact with both parents in the future. Our experienced legal team also works with a range of advisors who can give additional assistance along the way too, such as counsellors, children experts and financial advisers.

In the first instance we will always look for a settlement reached by agreement where possible, but if all else has failed we will apply to court for the appropriate orders.

There are some occasions when a child's safety is in issue and emergency court orders are needed. Our highly experienced team of family lawyers can all make emergency applications to court, the same day if necessary, to ensure your child's safety is legally protected.

# Steps Ahead

A new project to be launched by the county council in April 2022 will target the county's most disadvantaged areas, to provide additional support for families with babies and toddlers born during the COVID-19 pandemic.

The project aims to reduce the impact and consequences of lockdown on babies and toddlers born between March 2020 and March 2022 and their families/carers, by providing enhanced opportunities across the most disadvantaged neighbourhoods in Gloucestershire. Services will run primarily in and around children and family centres across the county, offering focused programmes, tailored group and individual support for families who have been impacted by the COVID – 19 pandemic.

To book a place on one of the groups below please follow the QR code from your mobile phone (or ask someone to help) For more information contact

## Earwax Removal

There seems to be an increasing demand for such a service within our company practice. At **Andrew Bird Hearing** we always endeavor to listen to the needs of our clients and improve the service that **we offer to reflect this.**

We will be using the client preferred procedure for earwax removal of micro suction as opposed to syringing.

Due to the cost of the training and equipment it is necessary for us to charge for this service.

**Initial Inspection £30**

**One ear including inspection £60**

**Two ears including inspection £80**

# Your journey to better hearing

Staff at Andrew Bird Hearing Limited abide by the simple principle that clients should be at the forefront of everything they do. The independent family-run business prides itself on transforming people's lives by giving them the gift of sound. But it is the way they do this that makes them stand out from the crowd.

Their focus is to greet both old and new clients with a personal service. Its team of certified and experienced audiologists then take the time to get to know clients to better understand their needs.

The 14-year-old business is also completely independent, which means any hearing aids are dispensed purely to better suit the client's hearing loss and lifestyle. As they are not affiliated to any manufacturers, they are not limited to selling certain products.

Andrew Bird set up the business in 2007 to make a difference to people's lives by focusing on customer care, rather than sales and profit. The business head office is in Cheltenham however they hold hearing clinics in over 30 different centres throughout the South West.

Mr Bird said: *"We care about our clients, we always focus on them, they are the most important people. They talk and we listen. Our main priority is the client's individual needs. We have never believed in pushy selling tactics or pressure sales; we simply do everything we can to meet their needs."*

The business has continued to grow steadily and increase the range of services it offers.
